## Sixth Form Students' Destinations – 2023

Students make informed decisions regarding their next destination with the guidance of a destinations mentor. On average, over 80% of students go on to university to study a range of courses. In 2023, 84% of students went to university, of which 30% went to Russell Group institutions and 3% went to study overseas. 5% of students proceeded straight to employment, 2% took an apprenticeship and 9% gap year or went travelling. Recent international destinations include Universiteit van Amsterdam, Nagoya University in Japan, Princeton University in the USA and IE University in Spain. Below are some examples of the University placements for the 2023 cohort:

<b>University</b>	<b>Subject</b>
