

Don't stress, year 7 is the calmest year!

Hi! My name's Nina and I'm from 7E (nearly 8E) I study Spanish and French and I get to school by train all the way from Liverpool Street. When I first joined, I was really worried about basically everything and especially the fact I had no one from my primary school. I remember I cried on the first day because I was so nervous. I was really excited about the stationary my mum got me (I don't know why) and when I had my first conversation I thought I was that girl's BFF! My favourite subjects BY FAR is history: if your teacher is Mr Mitchell, you will love history!!!

I was in the football club but then I quit because I didn't like it that much - never feel pressured to say no or quit something. My main advice is: talk to your parent/s about it, be confident, make loads of friends and avoid as much drama as you can! If you have a bad friend, you need to tell them to stop (but nicely) because they'll just bring you down. Good luck!!

Hi, my name's Nicole and i'm in 7E. I take the bus to school everyday and I am studying Spanish and French for languages. When I first joined the school I was really worried about making friends and if that is something you too worry about I can promise now that making ^{friends} is so much easier than you think and you will find them. The thing I was most excited about was going to Ebbingham, France, I would really recommend going as its a ^{new} fun experience, you do loads of fun things and you might even learn some French too! The thing I liked most about Ebbingham was going to the chocolate factory and the aquarium. My favourite subject in year 7 has been Drama because you do something new every lesson and there are many fun activities you can join in with. My top tips are: your friend groups will change constantly so always be open to making new friends and don't worry about your old ones. Lastly enjoy your lessons because you will have to do them anyway so just make the most out of them.

To year 8,

Hi, my name is Jasmine, I'm currently in Year 7 going into year 8. When I first came to Angle, I wasn't really phased about it. When you join try to make a lot of friends as it'll help a lot. If you fall out with one of your friends, try and apologise, otherwise you can go to any other friend group. Your languages will be Spanish and French but you can swap one in year 8. I am dropping Spanish for Italian. Sets are a bit irrelevant. I am in set 1 P.E and 2a maths, you don't get any more sets in year 7. Good luck.

By Jasmine M.

Hi dear Y6s, My Name is Mishka, I from Ukraine, I'm in 7E
for a moment i studying French and spanish, But when i get to Y8
i can learn French and russian, I getting by train. I was
worried about when i joined AES is that i can get lost and not to
find any friends then i was excited how does the school goes to looks
like and how big is it and like C block are beautiful, my favourite subject
is English because the teachers are nice also EAL its basically
means if you dont know English you learn it in that less on
with your friend from their country. I also recommended football
and cricket those sports are the best and lots of people coming
to those clubs but I havent joined clubs but my friend told me.
The assessments are not hard and not easy, by the way in june Y7s
going ebbw vale and i didnt go to it i dont know why. best things
only for Y5 i dont know why first- do not snitch, second be kind
thirdly- do not swear. See you in september bye

Hi my name is Constance, and I'm in 7E. I take my car to school every day and I'm from France and ~~Vietnam~~^{Vietnam}. I study French and Spanish for my languages and my favourite subject is wood tech because you get to create new things.

When I first joined school I was worried about making friends, but it turned out it was really simple. I am currently doing one club / lambda and I recommend it to people who are really into drama.

My three top tips are try your best and try to get ~~to~~^{to} class on time but most importantly just be yourself.

Dear year six,

I used to be very ~~scared~~ scared to join into a secondary school. The main thing I was worried about was my form and people. My favorite subject is maths or PE because I am good at math and I like PE because it's fun. I used to play basket ball at the after school club. My biggest challenge at this school was my languages because I never learnt ~~those~~ languages before so it was that fun. We went on a school trip for 7 days to Ebbw Vale and my favorite thing about it was when we had dinner. My three top tips on joining are - don't argue with anyone at the start - don't stop working - be nice to everyone including teachers even if you don't like them.
