

Dear Year 6's (future year 7's),

My name is Victoria, and I'm in the form 7N. I currently study French and Spanish. When I first joined the school, I was worried about how people will think of me and communicating with others. But the worry is going away after a while, getting used to the people around me. I was mostly excited about learning two of the many languages (Chinese, French, Spanish, German for year 7, and the opportunity to switch one out for Italian, Russian or Japanese in year 8). So far, my favourite subjects are art and food tech.

I went onto the trip to Ebbingham this year, and it was a wonderful experience. You spend a week in France and one <sup>day</sup> in Belgium. You get to explore a lot, however you also have to work there. In general, Ebbingham was very fun, all the opportunities that you get are really good.

A few tips I will give you are: be respectful to all of the teachers, don't talk during lessons, you will get into trouble. And overall, behave well, you will regret the bad behaviours.

I hope you have a lovely time in Anglo European School, and make friends, don't struggle with homework and classwork and stuff like that!

See you when you join!

Dear Future Year 7's

My name is Indi and soon I will be going into year 8. Yes you might be worried about: having mean teachers, making new friends, ~~more~~ <sup>harder</sup> work. Or something completely different. Trust me, you don't have to worry you can even make friends by noticing ~~as~~ some ones squashed cupcake (from experience)

Me: My favourite subject is drama because I would like to be an actress when I grow up. Speaking of drama, if you like drama there is LAMDA on Thursdays (you have to pay) and or drama club every other Tuesday. (that's free)

The languages I do are Spanish and French

Break a leg in year 7  
Au revoir - Indi

Top 3 tips:  
- go to Ebbingham  
- be respectful  
- and try not to get warnings

My name is Esther, and I'm in 7N. In 7N we are studying French and Spanish, but hopefully I'll be doing Italian next year, as you get to swap a language in year 8. I ~~got to~~ go to school by train just like lots of other people so I'm never alone. When I first joined the school, I was worried about making friends, because ~~none~~<sup>all</sup> of my primary school friends went to other schools. However it was easy to make friends, as everyone was in a similar position. When I came to Anglo I was really excited about the different trips that the school offers. My favourite subject is English because I really like my teacher and she makes lessons fun and interesting. Every Friday lunchtime I do netball club. In Netball club we practice ~~at~~ games and you can get selected for tournament. I hope you enjoy Anglo and all the memories you will make.

My name is Lacey and I'm in 7N, currently doing French and Spanish which I will be continuing next year in year 8. My main first worry was being scared that I wouldn't make any friends but I realised that a lot of people were in the same situation that I was in, (coming to school alone), and quickly made a group of friends. Coming to secondary school, I was worried about how much homework I would get and if it would get too much. I recommend joining at least 1 club as you can make so many more friends. At the start of year 7, I joined netball club and I made so many friends because

Dear future years 7's

Heyy, I'm poppy in 7N, I study french and spanish but want to replase french with italian or japanense, And I walk to school everyday. When I first started school I was worried about friends but then I got confident by talking to people. I was most excited about the meals cause my primary meals were abit off. My faviroute lessons is art because I'm good at it and pe because the teachers are nice. I have joined psg academy and I really recomend joinging cause it's really fun plus you get better at football. My biggest challenge this year was probably reading infront of people, I had a really big project and it wasn't as bad as I thought. I went to Eblinghem a few weeks ago and I shared a room with all my friends and my faviroute part was for sure belgium. My top tips are don't get in lots of trouble and don't worry what other people think of you. Have a great time here!!!
