How will we assess impact?

Our teaching encourages regular learning of key vocabulary and refinement of grammatical structures that are tested regularly. Translation skills are honed via weekly 10-point tests. Teachers assess pupils less formally in class via the four skills of listening, reading, speaking and writing. Pupils work collaboratively in pairs and groups to constantly improve their speaking skills, providing peer feedback.

Each half-term pupils take an assessment in test conditions during lesson time. In June of the Lower Sixth pupils take a full-length IB style examination, which helps to predict their final grade as accurately as possible and to offer the students an opportunity to experience the speed and attention to detail required in the examination.

The speaking examination is a photo stimulus task with a discussion on the themes and cultures that have been covered.

International Opportunities

Visits Programmes

In the Spring term of the Lower Sixth, all pupils must complete a work experience placement. We offer all students of Spanish the opportunity to undertake a two-week work placement in Madrid or Pamplona. Previous work placements have included primary schools, shops and restaurants. Pupils stay with a family to give them the maximum opportunity to improve their language skills and to better understand the culture.

This is an exchange programme so each students' partner also stays here for two weeks, whilst completing their own work placement.
