1.0 Equality

1.1 The School's Approach to Promoting Equality

The overall objective of the school's Single Equality Scheme Policy is to provide a framework for the school to pursue its equality duties to eliminate unlawful discrimination and harassment, promote equality of opportunity, including between people who share protected characteristic and people who do not share it, and promote good relations and positive attitudes between people of diverse backgrounds in all its activities.

Through the Equality Policy, the school endeavours to ensure that no pupils, staff, parents, guardians or carers or any other person through their contact with the school receives less favourable treatment on any grounds which cannot be shown to be justified. This covers race, ethnic or national origin, language, religion or belief, gender and gender reassignment, sexual orientation, marital status, disability, age, responsibility for children or other dependants, trade union or political activities, social class, where the person lives or spent convictions. The school will make reasonable adjustments where appropriate.

The school will ensure the progress of groups, particularly vulnerable groups, will be closely monitored and internal targets will be set. This includes Children in Care and those on Free School Meals. The Pupil Premium Grant (PPG) will be used to

- a. Increase social mobility
- b. Enable students from disadvantaged backgrounds to have high aspirations and aspire to the next stage in their education or employment
- c. Reduce the national gap between the highest and the lowest attainment

The principles of this policy apply to all members of the extended school community, pupils, staff, governors, parents and community members.

The school will not tolerate:

- **Direct discrimination:**– This is the treating of one person less favourably because of a protected characteristic.
- **Indirect discrimination:**– This is when a provision, criterion or practice is applied generally but has the effect of putting people with a particular characteristic at a disadvantage compared to people without the characteristic.
- **Harassment:**– This is the unwanted conduct, related to relevant protected characteristic which has the purpose or effect of violating a person's dignity or creating an intimidating, hostile, degrading, humiliating or offensive environment (physical or virtual) for that person.

- **Victimisation** – This is where a person is treated less favourably than they otherwise would have been because of something they have done.

- not to treat disabled pupils less favourably for a reason related to their disability
- to make reasonable adjustments for disabled pupils, so that they are not at a substantial disadvantage
- to plan to increase access to education for disabled pupils

The school aims to:

- promote equality of opportunity between disabled people and other people
- eliminate discrimination that is unlawful under the former DDA
- eliminate harassment of disabled people that is related to their disability
- promote positive attitudes towards disabled people
- encourage participation by disabled people in public life

- take steps to meet disabled people's needs, even if this requires more favourable treatment

- improve the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services
improve the delivery to disabled pupils of information which is provided in writing for pupils who are not disabled

5.1.2 Vision and Values:

We are proud of the rich diversity of our school community and it is this diversity which is at the heart of our ethos. Our response to the needs of our disabled pupils is a vital part of personalising learning for all.

6.0 Community Cohesion

Our school community constitutes several dimensions, as follows:

1. **Our school community**-This consists of the students we serve; their parents, carers and families; our school staff and Governing Body. We work to ensure cohesion and respect for the cultural diversity of others, to narrow the gap in student achievement and participation and to bring all our communities together through opportunities such as our information evenings and our School Association events. We believe it is of vital importance to ensure clear and effective communication with our parents and to this effect, we use a range of methods such as parent mail, termly newsletters, and the school website to do so. We aim for our students to work collaboratively, taking on leadership roles, such as Student Voice and our Charities Committee, whose aim it is to ensure that the charitable work of the school supports our School Community, our Local Community, our National Community and our International Community.
2. **Our local community**- of Ingatestone, Margaretting and Mountnessing. We work closely with our local community to foster good relations and ensure cohesion. Regular meetings with groups foster these partnerships which include, the Ingatestone Parish Council, Head teachers of our local feeder primary schools, National Express, transport companies and the British Transport Police. We are active participants in the Brentwood Schools Consortium.
3. **Our wider community** – due to the nature of our school, our students live in a range of communities outside of the local community which our school is situated in. Therefore our community expands to the local communities of the neighbourhoods in which our students live. We are working towards forging sustainable links within these communities..

4. **The UK community** – Through our curriculum, we are committed to providing our students with a range of opportunities to enrich their experiences through our partnerships and links with national organisations. We have developed partnerships with schools nationally through the work of our Essex Jiangsu Centre and Confucius Classroom, enabling both students and staff to share their experiences and expertise in the development of modern Chinese. We have developed our national networks with for example, IBSCA, IBSA, Essex Safeguarding and Essex Teacher training.
5. **The global community** – We are committed to the continual development of our International partnerships. We have 16 partner schools including China, France, Germany, Italy and Spain. We are committed to all our students' understanding of the need to communicate effectively with people from different cultures, with all our students following two languages to GCSE (with an option of a third in Year 9) and a language in the sixth form. We are committed to providing the opportunity for all our students to participate in our extensive visits programme. We develop the holistic student, who has an understanding of the impact they can make in society. All our students in Year 10 participate in a Model UN day.

6.6 Responsibilities

We are committed to the continual development of community cohesion by promoting equality of opportunity and inclusion for our different groups of learners within the school. Alongside our focus on equality and respect for diversity, we promote shared values and encourage our learners to actively engage with others to understand all that we hold in common. The School Development Plan ensures that this policy forms an important part of the school's action plan on equality. It includes targets determined by the governing body for promoting a cohesive community, inclusion and quality in our school for all. It ensures other school policies address equality issues.

The policy will be regularly monitored and reviewed by staff and governors to ensure that it is effective in tackling discrimination, promoting access and participation, equality and good relations between different groups, and that it does not disadvantage particular sections of the community.

Any pattern of inequality found as a result of impact assessments is used to inform planning and decision making.

8.0 Complaints procedure

If anyone in the school feels that this policy is not being followed then they should raise the matter with the head teachers who will facilitate the appropriate action, which may include an investigation and report on the issue. If there is a formal complaint then the school's complaints procedure will be used.
