How will we assess impact?

Our teaching encourages regular learning of key vocabulary and refinement of grammatical structures that are tested regularly. Vocabulary recall is developed via weekly 10-point tests. Teachers assess pupils less formally in class via the four skills of listening, reading, speaking and writing. Pupils work collaboratively in pairs and groups to constantly improve their speaking skills, providing peer feedback.

Each half-term pupils take an assessment in test conditions during lesson time. In January of the Upper Sixth pupils take a full-length IB-style examination, which helps to predict their final grade as accurately as possible and to offer the students an opportunity to experience the speed and attention to detail required in the examination. Final speaking examinations will take place in February/March in which students explore the themes and the culture of the Target Language.
