September 2021

Dear Parent and Student

Welcome to our International Sixth Form. We are pleased to enclose our school brochure for your information. Please read it in conjunction with the Sixth Form information on our website under Admissions.

The Anglo European School is a genuinely distinctive and unique comprehensive school committed to achieving the highest academic success through its internationalist curriculum. The broad and balanced education, with its challenging additional experiences, produces open-minded and confident young people who are able to communicate effectively in a variety of languages and who have an appreciation and understanding of different cultures, religions and communities in modern Britain and beyond.

The Sixth Form is outstanding and has been awarded the highest Ofsted grades for over 20 years. Students can study four A Levels with additional career enhancing courses as part of the A Level programme or an opportunity to study the highly acclaimed International Baccalaureate Diploma. There is also the opportunity to study selected parts of the IB Diploma with A Levels in the AIB Route or through the IB Career Programme. For those students wishing to study a language, eight languages are taught: Arabic, French, German, Italian, Japanese, Mandarin, Russian and Spanish. We believe that this gives an unrivalled opportunity for each student to combine qualifications in a way which best suits their needs and makes them stand out in the global employment marketplace.

We are also very excited to introduce the ‘**Anglo European School International Enterprise Academy**’, in Partnership with Dragons Den's Peter Jones Enterprise Academy, as a centre of excellence for students studying Business, Economics and Financial Studies courses.

A remarkable feature of the school is its visits and exchanges programme. Over 700 students every year take part in the exchange programmes and extended study visits in Europe, China and Japan. Sixth Form students also have the opportunity to undertake international work experience in Madrid, Frankfurt and Paris, visit the United Nations in Geneva and to do voluntary community work in Lesotho.

Achieving the best possible examination results will be your goal as it is ours. However, the International Sixth Form programme is much richer than just the subjects taught. Extra-curricular activities are numerous, rewarding and enriching. You will get more out if you put more in.

Wishing you every success in your next steps.

Yours sincerely

Headteacher
